GUIDE: HOW TO READ MARKS ANALYSIS

Marks: Total marks scored by you.

Marks/ Avg: Marks Scored by you divided by average marks.
Higher this value -> better your performance compared to peers.

+ve Marks: Positive marks scored by you.

-ve Marks: Negative marks from wrong answers with negative marking.

Avg -ve Marks: Average negative marks scored by all students in the test.

GUIDE: UNDERSTANDING MUST-ATTEMPT QUESTIONS

Question No	Attempted %	Correct %
13	85.43	59.84
14	94.49	29.53
15	98.82	51.18
16	95.67	69.29

Attempt Questions for Each Subject Analysis

The questions in this section are the questions which majority of students have attempted and solved correctly. Thus these are some of the easiest questions in the test which you MUST have attempted.

Student Performance Indicators:

- **Green background** = You solved correctly
- **Red background** = You solved incorrectly
- **Yellow background** = Partially correct
- **White background** = Not attempted

Goal: Achieve green background for all Must Attempt Questions
